

Product Datasheet / Instruction for use

Goat IgG anti-Rabbit IgG (Fc)-Alk. Phos., MinX none

General Information

Catalog Number: SEC-18	33373	Physical State:	Liquid (sterile filtered)			
Quantity: 1	mg	Reconstitution Volume:				
		Reconstitution Buffer:				
		Shipping Conditions:	Wet Ice			
		Product Expiration	Expiration date is one (1) year from date of opening.			
Antibody Host / Format						
Host Species: Goat		Clonality / Isotype / Clone: polyclonal Ig				
Antibody Format: IgG wh	nole molecule	Concentration:	1.0 mg/mL by UV absorbance at 280 nn			
		Conjugation:	Alkaline Phosphatase			
		Maximum Excitation / Emission: /				
Specificity						
Target Species: R	abbit	Immunogen:	Rabbit IgG F(c) fragment			
Antibody Specificity: ાક્	gG (Fc Fragment)	This product was prepared from monospecific antiserum by immunoaffinity chromatography using Rabbit IgG coupled to agarose beads followed by solid phase adsorption(s) to remove any unwanted reactivities. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-Alkaline Phosphatase (calf intestine), anti-Gos Serum, Rabbit IgG, Rabbit IgG F(c) and Rabbit Serum. No reaction was observed against Rabbit IgG F(ab).				
		Minimal Cross Reactivity: none				
Formulation, Transport a	and Storage					
Storage Buffer:0.05 M Tris Chloride, 0.15MSodium Chloride, 0.001M MagnesiumChloride, 0.0001M Zinc Chloride, 50% (v/v)Glycerol; pH 8.0Stabilizer:10 mg/mL Bovine Serum		Preservatives: 0.01% (w/v) Sodium Azide Store vial at 4° C before opening. DO NOT FREEZE. This product is state at 4° C as an undiluted liquid. Dilute only prior to immediate use. Freezing alkaline phosphatase conjugates will result in a substantial loss of enzymatic activity.				
Albumin (BSA) - Immunoglobulin and Protease free		Storage Temperature: 4-8°C				
Application Recommend						

This product is for In Vitro experimental use only. Not for Therapeutic or Diagnostic use.

Product Datasheet / Instruction for use

Application: ELISA, Immunohistochemistry (IHC), Immunohistochemistry (Paraffin-embedded Sections), Immunohistochemistry (frozen sections), Western Blot

Dilution: ELISA 1:10.000 - 1:50.000, Immunohistochemistry (IHC) 1:200 - 1:1,000, Western Blot (WB) 1:500 - 1:2.500

Application Note:

Anti-Rabbit IgG F(c) Alk Phos conjugate is suitable for immunoblotting (western or dot blot), ELISA, immunoelectron microscopy and immunohistochemistry as well as other antibody-based enzymatic assays requiring lot-to-lot consistency.

Background Information

Anti-Rabbit IgG F(c) alkaline phosphatase antibody generated in goat is a proteolytic fragment of immunoglobulin G (IgG) obtained by limited digestion with the enzyme papain under controlled conditions of temperature, time and pH. Receptors bind the Fc portion of rabbit IgG and often this fragment is removed from immunoglobulins to minimize receptor binding and lower background reactivity.

Safety Information

This reagent contains sodium azide (a poisonous and hazardous substance) as preservative. Although this concentration is not regarded as dangerous to health, appropriate measures should be taken to avoid skin and eye contact, inhalation, and ingestion. Standard Laboratory Practices should be followed when handling this material.

Disclaimer

This product is warranted to perform in conformance with product specifications and to be free from defects in material and workmanship. Products are supplied for research use only. The warranty provided herein is valid only when used by properly trained individuals. Unless otherwise stated, this warranty is limited to one year from date of shipment when the product is subjected to normal, proper and intended usage. Buyer's exclusive remedy for non-conforming products during the warranty period is limited to replacement of or refund for the non-conforming product(s). There is no obligation to replace products as the result of accident or disaster or inappropriate use of the products in a manner for which they were not designed, or improper storage and handling of the products.

This product is for In Vitro experimental use only. Not for Therapeutic or Diagnostic use.
