

Rabbit F(ab')₂ anti-Horse IgG (H+L)-RPE, MinX none

General Information

Catalog Number:	SEC-183717	Physical State:	Lyophilized
Quantity:	0,5 mg	Reconstitution Volume:	1.0 mL
		Reconstitution Buffer:	Restore with deionized water (or equivalent)
		Shipping Conditions:	at room temperature
		Product Expiration	Expiration date is one (1) year from date of opening.

Antibody Host / Format

Host Species:	Rabbit	Clonality / Isotype / Clone:	polyclonal Ig
Antibody Format:	IgG F(ab') ₂ Fragment	Concentration:	0.5 mg/mL by absorbance = 82.0 at 565 nm
		Conjugation:	RPE (R-phycoerythrin)
		Maximum Excitation / Emission:	490 nm;545 nm;566 nm / 580 nm

Specificity

Target Species:	Horse	Immunogen:	Horse IgG whole molecule
Antibody Specificity:	IgG (H+L)	<p>This product was prepared from monospecific antiserum by immunoaffinity chromatography using Horse IgG coupled to agarose beads followed by solid phase adsorption(s) to remove any unwanted reactivities, pepsin digestion and chromatographic separation. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-phycoerythrin, anti-Rabbit Serum, Horse IgG and Horse Serum. No reaction was observed against anti-Pepsin or anti-Rabbit IgG F(c).</p>	
		Minimal Cross Reactivity:	none

Formulation, Transport and Storage

Storage Buffer:	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2	<p>Store vial at 4° C prior to restoration. Restore with deionized water (or equivalent). This product is stable at 4° C as an undiluted liquid. Dilute only prior to immediate use. Centrifuge product if not completely clear after standing at room temperature. Do not freeze after reconstitution. Store reagent in the dark. Use subdued lighting during handling and incubation of cells prior to analysis.</p> <p>Storage Temperature: 4-8°C</p>
Stabilizer:	None	
Preservatives:	None	

Application Recommendation

This product is for In Vitro experimental use only. Not for Therapeutic or Diagnostic use.

Application: Flow Cytometry, Immunofluorescence

Dilution: Durchflussszytometrie 1:100-1:250, Immunofluorescence 1:100-1:250

Application Note:

This product is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, including multicolor imaging, utilizing various commercial platforms.

Background Information

F(ab')₂ Anti-Horse IgG Phycoerythrin Antibody was generated by enzymatic cleavage and subsequent separation from the Fc fragment. Because of their smaller size, F(ab')₂ fragments offer several advantages over intact antibodies for use in certain immunochemical techniques and experimental applications. F(ab')₂ fragments penetrate tissue samples and show better antigen recognition and signal generation in IHC. F(ab')₂ fragments lack the Fc region and therefore do not bind Fc receptors which effectively lowers background staining. F(ab')₂ Antibody is ideal for investigators who routinely perform flow cytometry, immunohistochemistry or IHC and other immunoassays.

Safety Information

The product contains no hazardous constituents. Standard Laboratory Practices should be followed when handling this material.

Disclaimer

This product is warranted to perform in conformance with product specifications and to be free from defects in material and workmanship. Products are supplied for research use only. The warranty provided herein is valid only when used by properly trained individuals. Unless otherwise stated, this warranty is limited to one year from date of shipment when the product is subjected to normal, proper and intended usage. Buyer's exclusive remedy for non-conforming products during the warranty period is limited to replacement of or refund for the non-conforming product(s). There is no obligation to replace products as the result of accident or disaster or inappropriate use of the products in a manner for which they were not designed, or improper storage and handling of the products.

This product is for In Vitro experimental use only. Not for Therapeutic or Diagnostic use.
